

LOGAN LAKES NATURE PRESERVE

Hughes Road, Oceola Township

7 acres

This wetland preserve is located on Hughes Road, south of M-59. It is part of a vast wetland ecosystem known as Logan Lakes. Bogue Creek flows through Lower Logan Lake into the south branch of the Shiawassee River. The preserve has a nice diversity of plants and animals and considered prime habitat for the Massausaga Rattlesnake. This preserve was donated by Dianne & Ron Winfrey and Jo Anne & John Normile in memory of the women's parents, Victoria & Joseph Fink.
