

CHARLES & ALBERT PARKER FAMILIES NATURE PRESERVE

Orndorf Drive, City of Brighton

4.5 acres

This property is located on the western side of the Brighton District Library, on Orndorf Drive in Brighton. When the Parker Family sold the property to the Library in 1994, they requested that this natural area remain preserved. Ore Creek winds through the property and a hillside prairie is currently being restored. Since this property is owned by the Library, the public is welcome to walk the short trail.
